

# From Microscopy, Imaging to Clinical Research: A Latin American Perspective

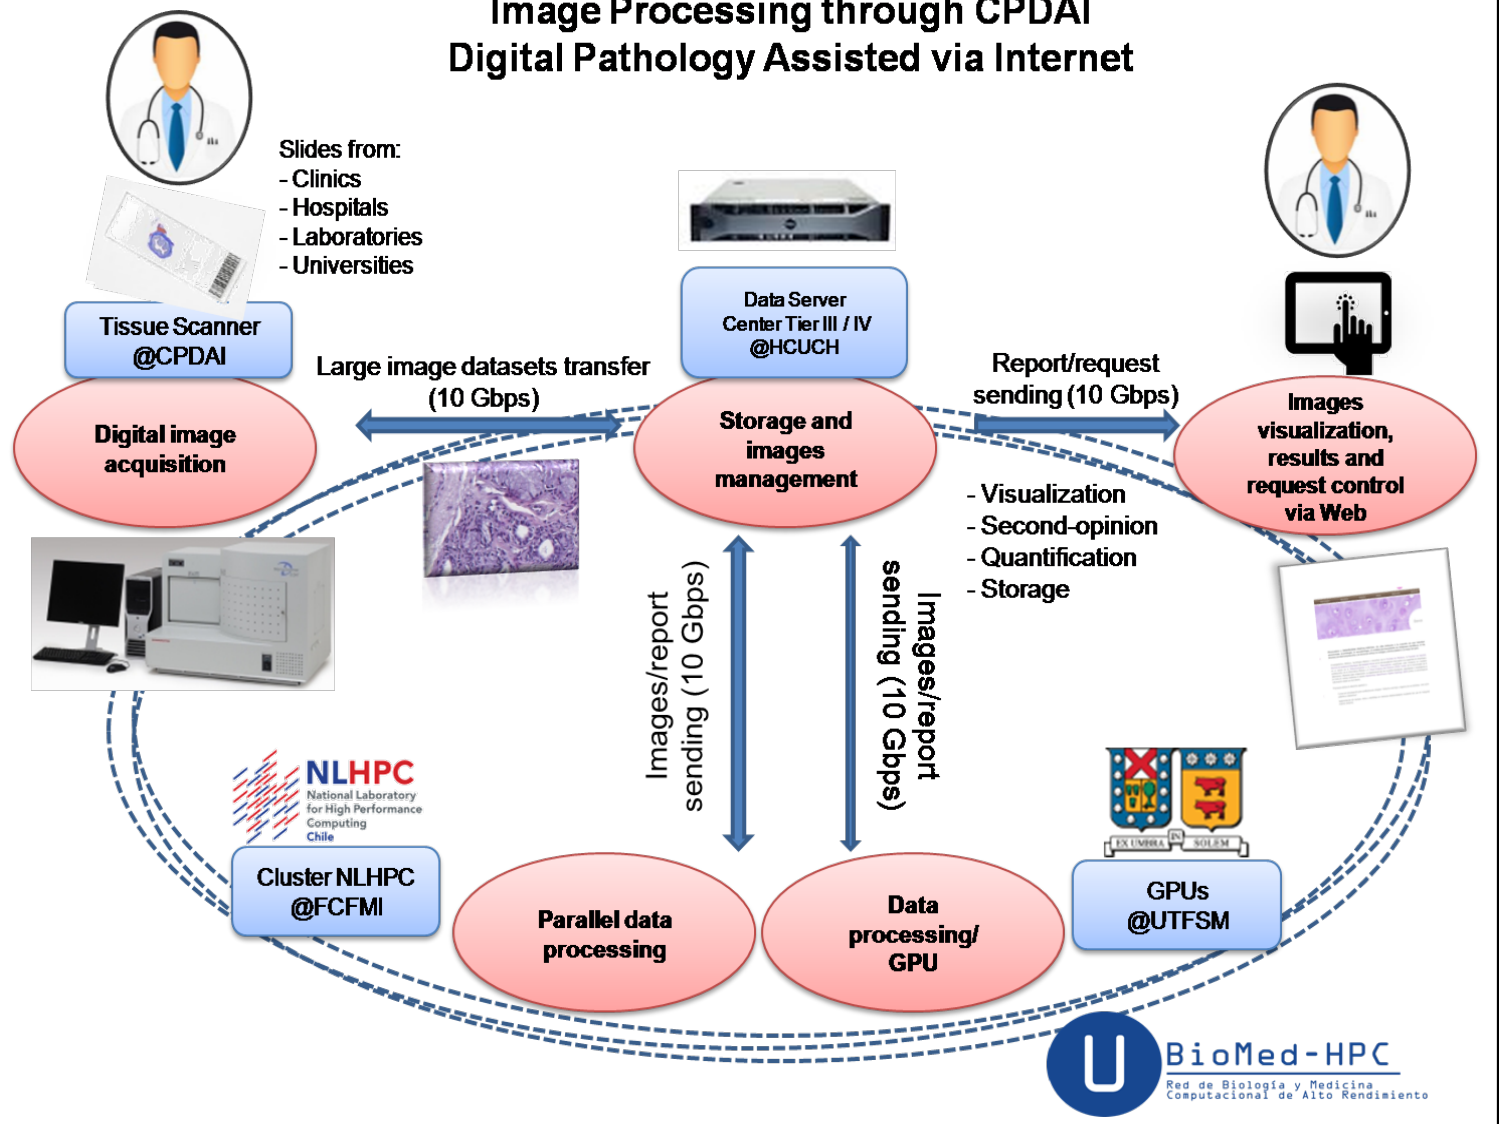

Alejandra Garcia\*, Stefan Sigle\*, Eugenia Diaz, Bettina Müller and Steffen Härtel

Laboratory of Scientific Image Analysis (SCIAN-Lab)  
Faculty of Medicine,  
University of Chile

## Image Processing through CPDAI Digital Pathology Assisted via Internet

- Socio-Technical System approach
- Multi-site participatory observations
- Questionnaires
- Business process modelling

Established the 3LGM<sup>2</sup>, this will optimize the use of Digital Pathology in the daily clinical practice
